

Administrative Controls Management, Inc. (ACM) is seeking professional and motivated project managers and project controls analysts for opportunities supporting clients in Detroit, Michigan. Potential for other opportunities located in Ohio, North Carolina, and Virginia. ACM is seeking those with 2 – 7+ years of experience. **ACM offers competitive pay in conjunction with years of experience and education as well as a comprehensive benefits package.**

Requirements

- Bachelor's Degree or equivalent experience;
- Oracle Primavera P6; Microsoft® Project and Office; SAP; Maximo; and/or an off the shelf project management system;
- Hands-on experience with construction, engineering, and manufacturing projects;
- Willingness to travel.

Preferred Skills

- Project cost estimating and earned value management a plus;
- Budgeting, forecasting, earned value, and risk management experience;
- PMP certification highly recommended/preferred;
- Other advanced degrees, professional licenses, and/or certifications (PE, CCP, CQE, PSP, etc.).

You may email resumes with salary requirements to hr@acmpm.com.

ACM is an Equal Opportunity Employer (EOE).
